

ROBUST INFRASTRUCTURE

When your business
can be everywhere,
there's no limit to how far
you can take it.

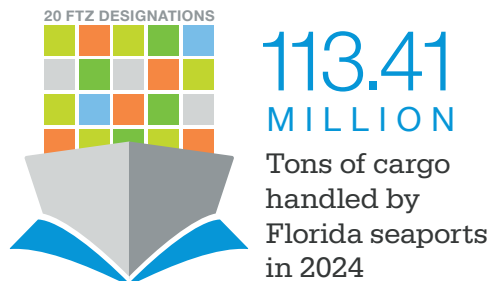

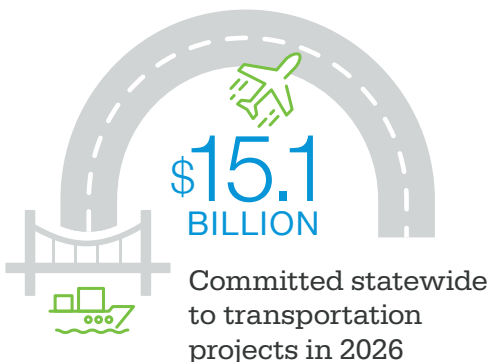

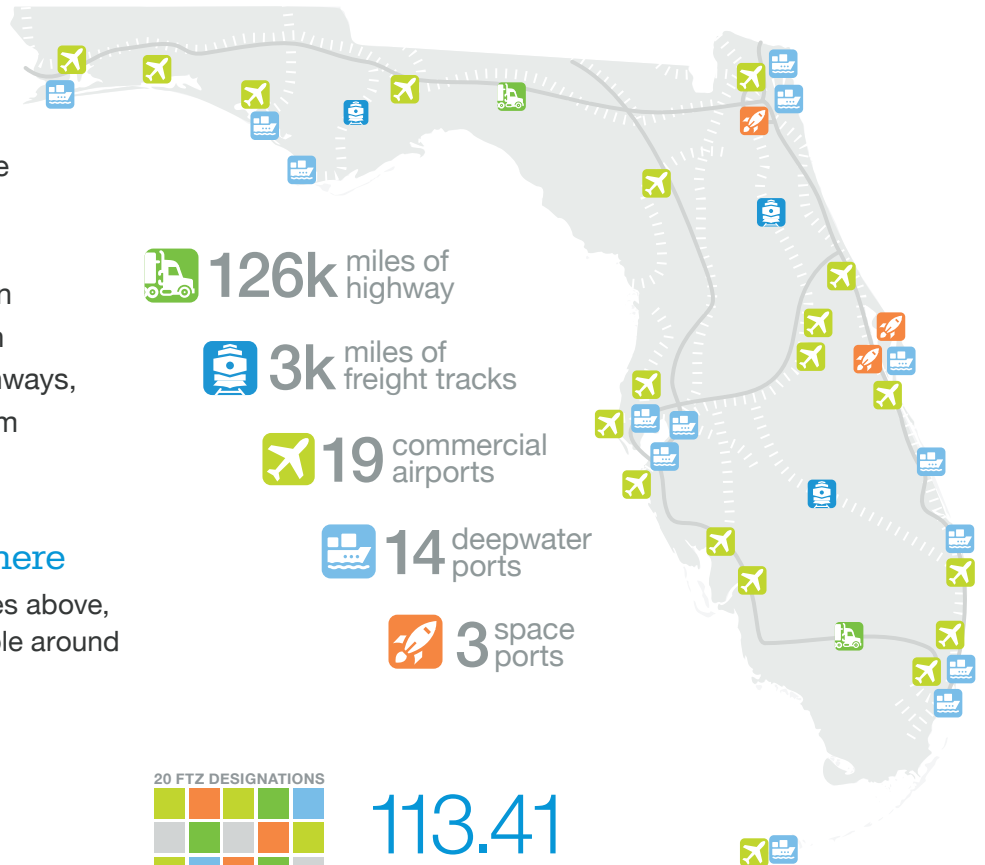

USEFL Connections

Bring your business
to the world.

Florida's expansive infrastructure
is built to move products and
people across the state, around
the world and beyond. More than
21 million people and 130 million
visitors depend on Florida's highways,
airports and seaports to get them
moving every day.

Here There and Everywhere

From the depths below to the skies above,
Florida moves products and people around
the globe and beyond.

FPL
Powering
Florida™

MEANINGFUL Innovation

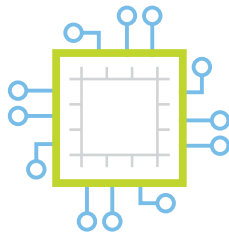

FPL has the energy infrastructure you need to power your success.

Florida isn't just ready for the future; we are the future.

As America's largest electric utility, Florida Power & Light Company serves more customers and sells more power than any other utility, providing clean, affordable, reliable electricity to more than 12 million people. FPL operates one of the most fuel efficient and cleanest power generation fleets in the U.S.

6 MILLION

215 THOUSAND

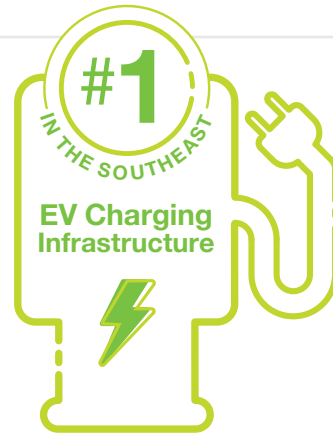

13 MILLION

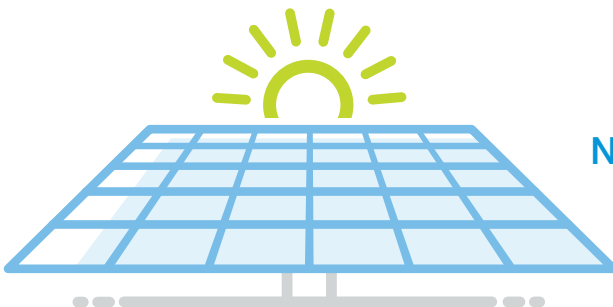

The FPL Cavendish NextGen Hydrogen Hub

This is the first clean hydrogen plant of its kind in the Sunshine State. It will allow FPL to explore ways to provide low-cost, clean energy to its customers.

FPL EVolution provides business, home, auto and mobile charging solutions.

NextEra Energy

FPL is part of NextEra Energy, the world's largest generator of renewable energy from wind and solar.
