

# FACILITY ASSESSMENT REQUEST FOR DATA CENTERS

The information below is required to schedule a meeting with FPL staff. FPL staff will provide a high level assessment of capacity availability for a specific load requested. The results are non-binding to FPL. An Engineering Study is required to provide detailed design scope and to claim power capacity. This request must be submitted prior to the Engineering Study Application submittal. Please use the submit button to email this form to FPL.

<b>Name</b>		<b>Company</b>		
<b>Email</b>		<b>Phone</b>		
<b>Select One</b>	Developer	Landowner	End User / Data Center	Broker / Realtor
<b>Date of Request</b>		<b>Project Name</b>		

Existing site account (if applicable)

Site Address (Street and zip code)
